

REDACTED – FOR PUBLIC INSPECTION

June 28, 2016

VIA ECFS

Ms. Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
445 12th Street, S.W.
Washington, D.C. 20554

RE: **REQUEST FOR CONFIDENTIAL TREATMENT**
WC Docket No. 14-58 - ETC Annual Reports and Certifications

Request that Information Submitted to the Commission be Withheld from Public Inspection Pursuant to 47 C.F.R. §0.459 and 5 U.S.C. §552(b)(4): Five-Year Service Quality Improvement Plan Progress Report included in FCC Form 481

Confidential Information – Subject to Protective Order Before the Federal Communications Commission

Dear Ms. Dortch:

In accordance with the annual reporting requirements of 47 C.F.R. §§54.313 and 54.422, West Texas Rural Telephone Cooperative, Inc. (the Cooperative), Study Area Code 442166 is submitting a completed FCC Form 481 to the Commission via its Electronic Comment Filing System (ECFS) in WC Docket No. 14-58. *The version of the Cooperative's FCC Form 481 submitted via ECFS is a redacted version of the filing that contains no confidential information.*

The Cooperative, by its authorized representative, hereby requests confidential treatment of two attachments to its FCC Form 481: (1) the five-year service quality improvement plan progress report and (2) the financial annual report, both of which were redacted in the ECFS submission. The request for confidential treatment of the five-year plan progress report is being made pursuant to Section 0.459 of the Commission's rules and Exemption 4 of the Freedom of Information Act (FOIA). The request for

MOSS-ADAMS_{LLP}

Ms. Marlene Dortch

Page 2

confidential treatment of the financial annual report is being made pursuant to the FCC's March 22, 2016 *Protective Order* in WC Docket Nos. 10-90 and 14-58. These attachments contain competitively sensitive data that West Texas Rural Telephone Cooperative, Inc. maintains as confidential and does not normally make available to the public. Release of this information would have a substantial negative impact on the Cooperative.

Five-Year Service Quality Improvement Plan Progress Report

Pursuant to Section 0.459 of the Commission's rules and Exemption 4 of FOIA, West Texas Rural Telephone Cooperative, Inc. requests that the text and data extracted from its five-year service quality improvement plan progress report be withheld from public inspection because it contains competitively sensitive commercial and financial information that the Cooperative maintains as confidential. Public availability of this information would have a substantial negative impact on the Cooperative.

In accordance with Section 0.459 of the Commission's rules, the following information is provided in support of this request:

(1) Identification of the specific information for which confidential treatment is sought:

Attachment to Line 112 of FCC Form 481 – Five-Year Service Quality Improvement Plan Progress Report. Specifically, confidential treatment is sought for all information in the five-year plan progress report related to the Cooperative's access line counts, existing broadband capabilities, and current and planned financial investments in its network that will improve service quality, service coverage, and/or service capacity for its customers.

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission:

The information was submitted in WC Docket No. 14-58 as an attachment to FCC Form 481- the Carrier Annual Reporting Data Collection Form. Section 100 of FCC Form 481 requires incumbent local exchange carriers receiving high cost support to attach a progress report on its five-year service quality improvement plan, pursuant to 47 C.F.R. §54.313(a)(1).

(3) Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged:

The five-year service quality improvement plan progress report contains granular information on the Cooperative's access line counts and/or existing broadband capabilities as well as recent and planned capital investments in its network to

improve service quality, service coverage, and/or service capacity. It also contains a map of the Cooperative's service area detailing progress toward meeting broadband deployment targets at the wire center level. This is closely guarded, privileged information that the Cooperative does not make publicly available.

- (4) Explanation of the degree to which the information concerns a service that is subject to competition:

Broadband is subject to increasing competition in the areas served by rural, rate-of-return incumbent local exchange carriers (RLECs). Virtually all RLECs face competition from one or more wireless Internet service providers. Most RLECs also face competition from at least one other wireline broadband provider, such as a larger cable company, who will typically seek to "cherry pick" the lower cost portions of the study area. In addition, all RLECs face competition throughout their territories from satellite broadband providers.

- (5) Explanation of how disclosure of the information could result in substantial competitive harm:

Disclosure of the information contained in the five-year plan progress report would provide competitors with detailed, granular information regarding the Cooperative's access line count, its existing broadband capabilities, and its recent and planned network investments that improve service quality, coverage, and/or capacity for subscribers. This would give competitors valuable confidential information with which to develop their own strategies for investing in the service area, thereby bringing substantial competitive harm to the Cooperative.

- (6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure:

The Cooperative has continually treated the extracted information in its five-year plan progress report as confidential and carefully controls the information to protect it from competitors. Access to the information is limited to employees that require it and to non-employees with confidentiality obligations such as lenders, consultants, auditors, and attorneys. In addition, when such information is required to be submitted to a state regulatory authority it has been filed as confidential information, not available to the public.

MOSS-ADAMS_{LLP}

Ms. Marlene Dortch

Page 4

- (7) Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties:

The redacted information in the five-year plan progress report is not available to the public, and third-party access is limited as described in (6) above.

- (8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure:

The Cooperative requests that the extracted information be withheld from public inspection indefinitely. The information in the five-year plan progress report details the Cooperative's most recent network upgrades in relation to its previously submitted service quality improvement plan. It may also contain upcoming planned network improvements during the five-year period ending 2019. This information would provide a very useful baseline for competitors for several years beyond that period.

- (9) Any other information that the party seeking confidential information treatment believes may be useful in assessing whether its request for confidentiality should be granted:

Exemption 4 of FOIA shields from public disclosure commercial or financial information obtained from a person that is privileged or confidential. Based on the responses provided above, the information in question satisfies this test.

Financial Annual Report

Section 3005 of FCC Form 481 requires a privately-held rate-of-return carrier receiving high cost support to attach a full and complete annual report of the company's financial condition and operations pursuant to 47 C.F.R. §54.313(f)(2). West Texas Rural Telephone Cooperative, Inc. seeks confidential treatment of its financial annual report pursuant to the March 22, 2016 *Protective Order* in WC Docket Nos. 10-90 and 14-58.¹ The *Protective Order* specifically covers information filed pursuant to 47 C.F.R. §54.313(f)(2).

West Texas Rural Telephone Cooperative, Inc. is providing to the Office of the Secretary, under seal, this cover letter and the Form 481 filing which includes the confidential information that is being requested to be withheld from public inspection.

¹ *Connect America Fund, ETC Annual Reports and Certifications*, WC Docket Nos. 10-90 and 14-58, Protective Order, DA 16-296 (rel. Mar. 22, 2016).

MOSS-ADAMS LLP

Ms. Marlene Dortch

Page 5

Each page of the five-year service quality improvement plan progress report confidential submission bears the legend, "CONFIDENTIAL – NOT FOR PUBLIC DISCLOSURE."

Each page of the financial annual report confidential submission bears the legend, "CONFIDENTIAL INFORMATION – SUBJECT TO PROTECTIVE ORDER BEFORE THE FEDERAL COMMUNICATIONS COMMISSION."

The confidential information has also been submitted to the Universal Service Administrative Company through its E-File system as attachments to the FCC Form 481.

In the filing submitted via ECFS, all pages containing confidential information bear the legend "REDACTED – FOR PUBLIC INSPECTION."

This cover letter includes no confidential information and the text is the same in both the non-redacted and redacted versions except for the confidentiality markings.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "L. Hampton", written over a faint circular stamp.

Lynette Hampton
Authorized Representative for
West Texas Rural Telephone Cooperative, Inc.

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

Name of Attached Document Listing Required Information

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Name of Attached Document Listing Required Information

**LINE 112 – FIVE-YEAR SERVICE QUALITY IMPROVEMENT PLAN
PROGRESS REPORT**

WTRTC received \$1,490,451 in Universal Service Fund (“USF”) support during the 2015

Jan. - Dec. 2015 Network Improvement Expenditures vs. Five-Year Plan Projections

Year End 2015 Progress Report Description

REDACTED - FOR PUBLIC INSPECTION

LINE 510 - SERVICE QUALITY STANDARDS AND CONSUMER PROTECTION RULES COMPLIANCE

West Texas Rural Telephone Cooperative, Inc. (the “Cooperative”) complies with applicable service quality standards and consumer protection rules for its voice and broadband services.

The rates, terms, and conditions under which the Cooperative operates are outlined in its member services tariff, which is approved by the Public Utility Commission of Texas (“Texas PUC”). The tariff contains provisions regarding the Cooperative’s customer service and protection practices.

Service quality standards for voice service are established by the Texas PUC. The Cooperative consistently meets or exceeds those standards and provides reports to the Texas PUC, in accordance with the Texas PUC’s rules.

With regard to broadband service, the Cooperative provisions its network and equipment to ensure that its customers can enjoy the speeds to which they subscribe. However, Internet speeds generally result from a “best effort” service and are dependent upon a number of variables, many of which are outside the control of the Cooperative. The Cooperative also complies with the FCC’s Open Internet rules, 47 C.F.R. §§8.3-8.11. These rules prohibit blocking, throttling, and paid prioritization, and also require transparency of network management practices, performance, and the commercial terms of broadband services.

The Cooperative complies with any and all consumer protection obligations under state law.

The Cooperative also complies with the following consumer best practices: (1) the Cooperative discloses its rates and terms of service to customers; (2) the Cooperative provides specific disclosures in its advertising; (3) the Cooperative separately identifies carrier charges from taxes on its billing statements; (4) the Cooperative provides ready access to customer service; (5) the Cooperative promptly responds to consumer inquiries and complaints received from government agencies; and (6) the Cooperative abides by policies for protection of consumer privacy.

Finally, the Cooperative has a policy and established operating procedures that comply with the FCC’s Customer Proprietary Network Information (CPNI) rules (47 C.F.R. §§64.2001-64.2011). Certification of the Cooperative’s compliance with CPNI rules and a description of the Cooperative’s operating procedures that ensure compliance are filed annually with the FCC.

LINE 610 - ABILITY TO FUNCTION IN EMERGENCY SITUATIONS

West Texas Rural Telephone Cooperative, Inc. is able to function in emergency situations. The Cooperative has a reasonable amount of back-up power to ensure functionality without an external power source. Standby power generators are supplied at the central office, remote switch sites, and repeater sites to ensure functionality without an external power source until power is restored. The network is capable of managing traffic spikes resulting from emergency situations.

The Cooperative is able to reroute traffic around damaged facilities. Although the Cooperative's ability to reroute traffic around damaged facilities is not absolute and may be limited in certain circumstances, there is a restoration plan in place for expeditious recovery of service, including splicing of damaged facilities when warranted.

LINE 1010 – VOICE SERVICES RATE COMPARABILITY

The Wireline Competition Bureau's 2015 reasonable comparability benchmark for voice services was \$47.48, which includes the federal subscriber line charge ("SLC").¹

In 2015, in all of the exchanges served by West Texas Rural Telephone Cooperative ("the Cooperative"), the single-line residential local rate, including any mandatory extended area service charge, was \$15.50. When the federal SLC (\$6.50) is included, the rate was \$22.00. Therefore, the Cooperative's pricing of fixed voice services in 2015 was less than the reasonable comparability benchmark of \$47.48.

¹ *Wireline Competition Bureau Announces Results of 2015 Urban Rate Survey for Fixed Voice and Broadband Services and Posting of Survey Data and Explanatory Notes*, Public Notice, WC Docket No. 10-90, DA 15-470 (rel. April 16, 2015).

LINE 1030 – BROADBAND SERVICES RATE COMPARABILITY

In 2015, West Texas Rural Telephone Cooperative charged a residential rate of \$66.95 for broadband providing 10 Mbps download, 3 Mbps upload, and an unlimited usage allowance. This rate is lower than \$77.80, which is the 2015 reasonable comparability benchmark established by the Wireline Competition Bureau for 10 Mbps download, 1 Mbps upload, and an unlimited usage allowance¹ – a less robust service offering than the one provided by West Texas Rural Telephone Cooperative.

¹ *Wireline Competition Bureau Announces Results of 2015 Urban Rate Survey for Fixed Voice and Broadband Services and Posting of Survey Data and Explanatory Notes*, Public Notice, WC Docket No. 10-90, DA 15-470 (rel. April 16, 2015).

LINE 1210 – TERMS & CONDITIONS OF VOICE TELEPHONY LIFELINE PLANS

Residential customers of West Texas Rural Telephone Cooperative, Inc. (“the Cooperative”) who qualify for the Lifeline Program receive a discount of \$13.14 (\$9.25 federal discount, \$3.50 state discount and \$0.39 area discount) on a flat-rate residential access line.

The Lifeline single-line residential rate, including any applicable mandatory extended area service charge and the federal subscriber line charge (“SLC”) is **\$8.86** (\$22.00 standard rate less the \$13.14 Lifeline discount). This rate applies to the following exchanges the Cooperative serves: Dawn, Frio, Hub, Milo Center, Oklahoma Lane, Parmer, Summerfield, Tharp and Westway.

All single-line residential customers, including Lifeline customers, have an unlimited number of minutes for calls made within their local calling area.

Toll charges for calls outside of the local calling area are determined by the long distance carrier of the customer’s choosing. Customers may elect to subscribe to toll blocking at no charge.

The Cooperative does not disconnect the service of Lifeline subscribers for the non-payment of toll charges. However, the Cooperative reserves the right to implement toll blocking, at no charge, if the customer incurs a significant balance of unpaid toll bills.

Lifeline Program reductions do not apply to additional services such as information-related services and custom calling features. Lifeline customers may subscribe to these services, where available, at the same rates offered to other customers.

Lifeline customers may subscribe to any residential voice telephony service package that is generally available to the public and will receive the same Lifeline discount of \$13.14 off the regular price of the package.

Information on Lifeline eligibility and a link to an enrollment form is available on the Cooperative’s website <http://www.wtrt.net/index.php/residential-services/lifeline-service>.

LINE 3010 – MILESTONE CERTIFICATION

West Texas Rural Telephone Cooperative (“the Cooperative”) hereby certifies that the Cooperative has taken reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas, at rates that are reasonably comparable to rates for comparable offerings in urban areas, and that requests for such service are met within a reasonable amount of time. If the Cooperative determines that a request for broadband at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Cooperative offers broadband service of at least 4 Mbps downstream/1 Mbps upstream.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0572-0031. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
